The All Stars is a stroke play competition played over two days that is comprised of the top point winners in each of the twenty chapters of the Hootie and the Blowfish Summer Series. The chapters are made up of geographical regions in SC and vary in size from fifty youngsters to well over two hundred in the bigger cities. Each chapter completes play in seven different age brackets over the summer months in their own local markets. The top two players in each bracket earn their way into the season ending All Stars Championship to test their game against the wider scope of statewide talent. Nine Chapters were on hand representing the low state of SC.

The All Stars Championship is one of 13 major tournaments conducted by the SCJGA. Results, schedules and applications for participation can be accessed via the Internet at www.scjga.org.
