

Tradition Four Ball Player History

This will help our committee be more objective in selecting this competitive field.

Junior Golf Reminders

Parent's Help

Thanks again as always for involving your children in junior golf, we can still use your help:

Please walk in front of the respective group and help spot golf shots, preferably on the cart path or in the rough.

Don't walk behind the groups, as the players behind can't hit their shots.

Rules: don't ever offer rules advice unless you are sure of the ruling! If you are incorrect, the player is responsible and will be penalized accordingly!

In stroke play the player can always play a second ball if uncertain of the procedure. General rule of thumb- hole out!

Advise staff of rules questions and etiquette violations- we will handle the rest!

Player's responsibilities:

Players are always responsible for knowing the rules. Remember in stroke play the player can always play a second ball if uncertain of a procedure.

Play fast- then play faster! Ready golf and putting out can only help the pace of play.

Be kind and courteous to your fellow competitors- this game is supposed to be fun.

Identify your golf ball and make sure your scorecard is correct; remind your parents- no advice!

Thank the course and sponsors for the event- they make it happen.

At large bid for (Team) _____

Please list accomplishments below. Additional sheets will be discarded. Fax to 803-732-7406 or send in with application
